Summary

A motivated and focused Full Stack Web Developer with very good knowledge in web technologies and skills with keen interest in learning and solving problems. Have just finished a systematic course in fundamental scripting languages like HTML, CSS, JavaScript and the new frameworks including React and Node. js. Proficient in developing applications and designs for the World Wide Web and enthusiastic about applying newly obtained experience in the workplace.

Skills

- Languages: C++, C, Java, JavaScript, HTML, CSS
- Framework: React,NodeJs.
- Software: Microsoft SQL Server,VS Code

Projects

Multi-User Drawing Tool   github.com/name/repo

- Developed an electronic classroom where multiple users can view and simultaneously draw on a "chalkboard" with each person's edits synchronized
- Tools Used: C++, MFC

Synchronized Calendar   github.com/name/repo

- Developed a desktop calendar with globally shared and synchronized calendars, allowing users to schedule meetings with other users
- Tools Used: C#, .NET, SQL, XML

Operating System   2002

- Developed a UNIX-style OS with a scheduler, file system, text editor, and calculator
- Tools Used: C

Education

Aditya College of Engineering and Technology, BTech in CSE   April 2022 – June 2026

- GPA: 5.6/10.0
- **Coursework:** Computer Architecture, Artificial Intelligence, Comparison of Learning Algorithms, Computational Theory

Certifications

- **GreatLearning**: FrontEnd Development

Achivements

Project Leadership: Worked with 6 people on a travelling website, and was able to secure a great communication with my team and also understood about the time management.
